

ABOUT ME

I am a second-year student of Economic Informatics with a specialization in Databases. I am developing skills in designing relational databases, process modeling (UML, ERD), and data analysis using SQL. My second passion is Front-End development and creating interfaces (HTML, CSS). I am looking for an internship or junior position where I can combine analytical knowledge with practical IT solution development (preferably as a Junior Data Analyst/SQL, Database Specialist, or Junior Front-End Developer).

TECHNICAL SKILLS

- SQL
- ETL Processes (basics of SSIS)
- Basics of Oracle
- Basics of T-SQL
- Oracle DataModeler
- Power BI
- HTML5
- CSS3
- Modeling (UML, ERD)
- Basics of UI/UX Design

TOOLS

- GitHub
- VS Code
- draw.io
- Figma
- Visio
- Azure
- PHP
- Microsoft Visual Studio
- Office 365
- SSMS
- Data Modeler

SOFT SKILLS

- Teamwork
- Ability to work under pressure
- Creativity
- Punctuality

Maja

JUNIOR SQL DEVELOPER

CERTIFICATES AND CONFERENCES

EXPERT PRESENTATION (MBANK)

2025

5th Edition of the Scientific Conference FPCON | April 2025 Participation in the panel and lecture titled "Regulatory Environment in Credit Risk Modeling."

DIGITAL ACCESSIBILITY CERTIFICATE

Training titled "Creating Digitally Accessible Documents and Content" with an emphasis on the practical application of WCAG standards.

EDUCATION

UNIVERSITY OF ŁÓDŹ

Faculty of Economics and Sociology

Economic Informatics (Bachelor's Studies, Year 2) | 2024 – Present

Specialization: Databases

Key topics: Relational database design, data warehouses, modeling (UML, ERD), SQL.
